

# Snap Moodle Theme for Students: Fall 2019

[Curriculum site \(opens in a new window\)](https://roanokechowan.mrooms.net): https://roanokechowan.mrooms.net

Starting Fall 2019, the way Moodle looks will change to a theme called Snap. This theme is designed to increase learner engagement and make Moodle easier to use. Snap is modern, has an intuitive layout, and is responsive on any device.

## Logging in & Accessing Courses

Visit the [college's homepage \(opens in a new window\)](https://www.roanokechowan.edu), https://www.roanokechowan.edu, and click on **Moodle** in the **Quick Links** section. Then, click on **Curriculum Moodle Login**. You will log into Moodle using the Log in button in the upper right-hand corner.

Once you click the Log in button, you will enter your Moodle username and password.

A screenshot of the Moodle login form. The form is titled 'Log in' and has a 'CLOSE' button in the top right corner. It contains two input fields: 'Username' and 'Password'. Below the input fields is a 'Log in' button.

Your username is your WebAdvisor username provided at the time of registration and the password is your 8-digit birth date (Ex: 01011995 for January 1, 1995). Click the Log in button. **Do not share your account information with anyone.**

Once logged in, the personal menu will display the courses in which you are currently enrolled. Click the My Courses link (upper right side) to get to the personal menu (below). Select the course you need to enter. Click on the star (upper right of each course card) to denote favorites, giving you quick access. The personal menu is also used to log out.

The screenshot shows a user interface for Willow Barefoot. At the top, there is a navigation bar with a profile picture, the name 'Willow Barefoot', and links for 'Profile', 'Dashboard', 'Preferences', 'Grades', and 'Log out'. Below this, there are tabs for 'Courses', '2018', and '2016'. The main area displays four course cards, each with a star icon in the top right corner. The first card is for 'BUS-110-IC1-2019SP Introduction to Business' with a course grade of 9.75% and 0% progress. The second is 'HIS-112-IC1-2019SP World Civilizations II' with a course grade of 100.00 and 2% progress. The third is 'SOC-213-HD1-2019SP Sociology of the Family' with a course grade of 0 and 0% progress. The fourth is 'Student Orientation to Moodle' with a course grade of 68.25% and 22% progress. On the right side, there is a 'Deadlines' section listing several upcoming due dates, including 'Week 8. Lecture Notes is due' (Tomorrow, 12:00 AM), 'Week 8. Writing assignment 8. is due' (Tomorrow, 12:00 AM), 'Critical Thinking Seven DUE BY MARCH 1 is due' (Friday, March 1, 12:00 AM), 'Exam 2 is due' (Monday, March 4, 11:00 PM), and 'Week 9. Lecture notes is due' (Thursday, March 7, 12:00 AM). A 'Feedback' link is located at the bottom right of the interface.

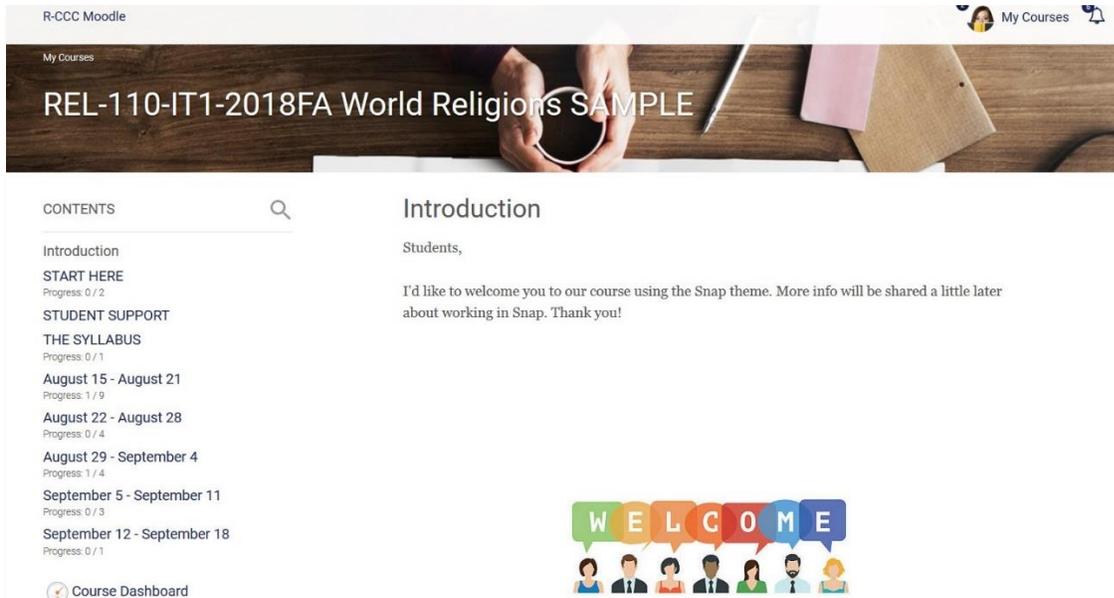

You will also see older courses separated from current ones by the year. On the right-hand side, there are four sections for you to work with including Deadlines, Feedback, Messages, and Forum posts.

Once you've entered a course, you will notice a table of contents on the left-hand side and content in the center of the course that flows from top to bottom. Snap presents course content in a modern and intuitive layout. It is responsive so you can access your courses from any device.

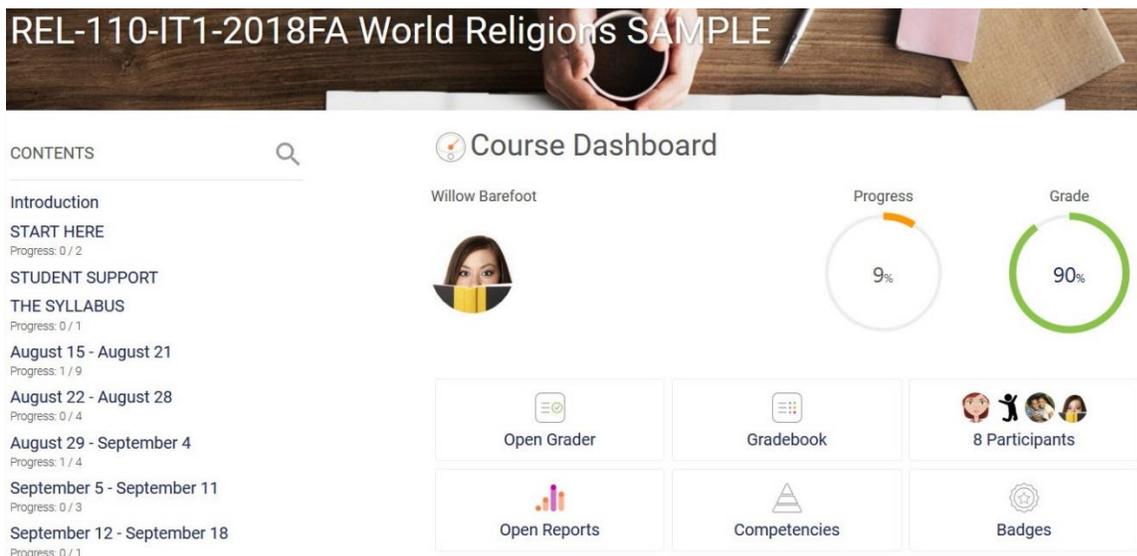

Each section is a separate web page, which will help you focus on each topic. You can click on the table of contents links on the left to navigate to each section. If completion tracking is enabled, you will also see your progress through each section.

As you explore your course, a list of "breadcrumbs" builds at the top left of the page. Each breadcrumb represents a level you moved through.

Clicking on a **breadcrumb** returns you to that level. The sample above shows the **course name, REL-110-IT1-2018FA**; clicking it returns you to the course's main page.

Course tools are in one location—the Course Dashboard. Click on the dashboard link (left-hand side) to navigate to it. You will access your grades, any badges earned, and participants through the dashboard. You can also access blocks.

## Activities & Resources in the Course

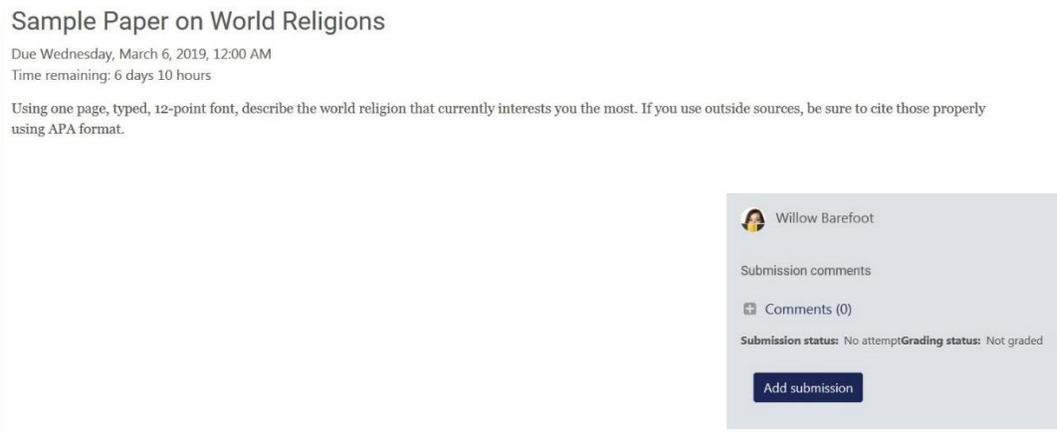

Each activity or resource is denoted by an icon and is titled. Resources may be links to Word documents, PDF handouts, PowerPoint slides, webpages, or books created by the instructor. Activities may include forums, assignments, quizzes, or a variety of other items that are graded.

## Submitting Assignments

Assignment upload options may vary by course. Basic steps for submission are below.

After you create and save a file (any type specified by the instructor), follow these steps:

1. To upload an assignment file, use the Add Submission button on the lower right-hand side.

2. Once on the upload page, you can either use the File picker or drag-and-drop your submission. To use the file picker, click the **Add** button (appears just beneath File submissions title), **Upload a file**, then click **Browse** to browse for your file. Double-click or highlight the file and click **Open**. Then click **Upload this file** once it is selected. You can also drag-and-drop your file on the File Submissions page. Click **Save changes**.

Hi Ms. Moodle,

The current chapter passage that I am citing is from Chapter 3 on page 100, "The history, deeply held beliefs, ethical and moral systems that constitute the world's religions are extremely important factors to the makeup of our planet." This passage is demonstrated in today's current events. From the The Guardian news outlet, an article that highlights this is titled, "Church of England needs update." The article outlines the history of the Church of England and gives insight on possible "updates" to the church's bureaucracy.

Excellent Willow! You have cited a passage that we all need to consider. Be sure to reply back with the link to the news story. I would like for the other students to read it and reply.
